

A14 Cambridge to Huntingdon, Cambridgeshire: major improvements

We are currently carrying out finishing works for which we need to close lanes or carriageways on the A1, A14 and some local roads at times, usually overnight between 9pm and 6am, unless otherwise stated. A clearly signed diversion route will always be in place for closures.

For this week, the planned closures are:

Full closures

Monday 25 (one night)

- A1 southbound Brampton Hut entry slip

Vehicles will be diverted north on the A1 to exit at Alconbury Weald and return on the A1 southbound

Tuesday 26 (one night)

- A14 eastbound between New Ellington junction 21 and Brampton Hut Interchange junction 22

Vehicles will be diverted to exit the A14 at New Ellington junction 21 onto the A141 to Brampton Hut. Then travel south on the A1 and re-join the A14 at Brampton Interchange

- A14 Milton junction 33 partial roundabout closure

Vehicles travelling south on the A10 or from Milton village wanting to join the A14 westbound will be diverted south on A1309 Milton Road to the Science Park junction. From here, use the roundabout to join the A1309 Milton Road northbound to access the A14 westbound entry slip

Wednesday 27 (one night)

- A14 westbound between Brampton Interchange junction 22 and New Ellington junction 21

Vehicles will be diverted to exit the A14 at junction 22 onto the A1 northbound. Exit to Brampton Hut and then travel west on the A141 towards the A14 to re-join the A14 westbound at New Ellington junction 21

Thursday 28 (one night)

- A1 southbound between the A1/A14 Bampton Interchange and Bampton village southbound exit slip

Vehicles will be diverted onto the A14 eastbound to exit at Godmanchester junction 23, south on the A1198 to Caxton Gibbet and then west on the A428 to re-join the A1 at Wyboston
