

## **Willingham Library – May 2024**

The library continues to offer a variety of activities during open hours and during specific closed sessions. We offer Family History Support, Digital Buddy sessions, monthly Engage speakers, a knit and knatter session, and Lego club. We also have plans to introduce a Rhyme time session and are currently recruiting a volunteer.

We look forward to launching the Summer Reading Challenge and welcoming new members to the library at this time. Thank you for the donation from the Parish council (£500.00) towards our planned activities.

I would like to take this opportunity to acknowledge the two staff who retired in December 2023 after 25 years. They left a wonderful legacy of service to the community. I hope you will visit the library and meet our new recruit.

Thank you for your support of Willingham Library.

Terri Lewis

Area Library Manager
