

Willingham Library – May 2025

The library continues to offer a variety of activities during open hours and during specific closed sessions. We offer Family History Support, Digital Buddy sessions, monthly Engage speakers, a knit and knatter session, and Lego club.

We will be holding a survey shortly of what would you like to see in the library? This will be both online and in the library. We hope to engage with current users and also new members of the community.

We look forward to launching the Summer Reading Challenge and welcoming new members to the library at this time.

Friends of Willingham library are hosting Birthday celebrations of the library during May. I hope you will come and visit the photographs on display.

Thank you for your support of Willingham Library.

Terri Lewis

District Library Manager
