

Have you seen a Turtle Dove?

If you have, we would love to hear from you. Please contact us with a **date**, **location** and, if possible, a **photo**.

We are working with some **fantastic farmers and communities** to help support the recovery of this threatened species.

Where will I see or hear one?

They nest in dense scrub in the countryside or around the edges of villages. Listen out for their **distinctive 'purring' song from April to August (scan the QR code right)**, more often heard early or late in the day.

Turtle Dove Conservation Morning:

Want to learn more about Turtle Doves and how you can support them? Want to connect with other farmers and land managers to make a difference on the ground? Join us on **Saturday 14th June at RSPB Hope Farm**. Scan the **QR code on the right to register** or email us.

Who do I contact?

In **Cambridgeshire**, please email details to turtledoves.cambs@rspb.org.uk.
